BANKSIAN MEDAL

Application has been made to The Royal Horticultural Society for the grant of a Banksian Medal. If awarded the medal will be the premier award of the Show in the whole of the horticultural classes, it will be an open competition for exhibitors.

Classes for non- horticultural items such as preserves, jams and wines will not count towards the Banksian Medal. Banksian Medal winners in the previous two years will not be eligible to win the medal this year.

TOP TRAY

Please choose any three vegetables from the following list.

Carrots (3); beetroot (3); onions (3); parsnips (3); peas (6 pods); potatoes (3); runner beans (6 pods); tomatoes (6). Herbs [3 bunches]

Numbers for each type are important N.V.S. guidelines and are followed by all judges. Each type of vegetable will be judged using a scale of 20 points which will be awarded as follows:

- size, shape and colour (7)
- condition (7)
- uniformity (6).

The vegetables must be displayed within an area measuring no more than 46cm x 61cm (18" x 24"). A tray, board or black cloth of that size may be used or the area simply marked out on the table. Where a tray has a lip or edge the internal measurements must not exceed 46 x 61 cm or 18 x 24 in.

TOP VASE

1. The Top Vase class is for a vase of mixed flowering stems containing a total of between five and ten, taken from a minimum of three different kinds of plants. *Please note that it is three different KINDS of plants - three varieties of the same plant are NOT three kinds.*
2. The display is judged out of a total of 35 points, split into 25 points for the Colour, Form, Condition, Quality and Freshness of the flowers on display, and 10 points for the overall Presentation and Effect of the flowers in the vase. The vase will be viewed from all directions. Judging of flowers should be to the normal rules used for other classes.
3. Stems used in the display must be showing flowers only - No seed heads or berries will be allowed.
4. The vase can be any shape and size and made from any material but must be in proportion to the display. No marks are awarded for the vase itself.
5. No accessories, such as bows and additional foliage, will be allowed. Foliage that is growing naturally from the flowering stem, and is still attached to that stem, is allowed. Packing materials, including florists' foam, to keep the stems in place is allowed.

NOTES FOR EXHIBITORS AND JUDGES

Flowering stems can be taken from any flowering plant.

The different kinds of plants need to be taken from different genera. For instance pinks, carnations and Sweet Williams, which are all dianthus, would not be classed as different kinds.

Use only fresh, home-grown flowers. NO dried or silk flowers allowed. (Except Class 59)

A vase, by definition, is any vessel that can be used to hold cut flowers and which is taller than it is wide at its widest point.

The points awarded should be clearly marked by the judges on the exhibitors' cards.

Any queries that may arise, regarding anything other than the above rules, should be referred to and decided by the show officials.

Failure to abide by any of these rules will lead to disqualification.
